

Carousel Critters Dog Training Center

Hi, I'm Jean Smith. In addition to being a dog trainer, I also work as a caregiver to Autistic Adults at Safe Haven Farms, a 4H Advisor for a dog club, Avon Rep, and bartender for private parties.

I've been training dogs since I was a young girl, teaching manners to the strays that followed me home so my Mom would let them stay. It worked until I got up to 7 dogs at one time! She made me find homes for some, which was hard, but I found that they were easy to place since they were obedient. I currently have dogs, cats, lizards, tortoise, horses, goats and fish.

I joined a dog training club and started showing my dogs, putting obedience titles on them. I was asked to teach classes there and I volunteered for years, going to training seminars of some top competitors, (my favorite, Ian Dunbar) to learn more. I trained at Petsmart for 6 years before coming to Liberty Vet.

My classes are designed to help you teach your dog commands and manners using positive reinforcement to make them a more enjoyable member of your family. Our goal is for you to have pet you can be proud of and will never want to re-home.

I'd be happy to discuss your training issues at any time. I'm an AKC CGC Evaluator; I can certify your dog as a Canine Good Citizen when it's ready. ~Jean
